

LED PANEL MOUNT ASSEMBLIES

WEATHER RESISTANT

IP 67 Rated, Lens Sizes, 5.1mm-17.0mm

WEATHER RESISTANT (SEALED) PANEL MOUNT ASSEMBLIES

Bivar's new weather resistant, IP rated panel mount assemblies offer a variety of options to accommodate a range of challenging environments. They are available in steel, brass and anodized aluminum packages, are extraordinarily bright, have a wide viewing angle, and can accommodate a variety of voltages.

FEATURES

- IP 67, IP 68 Rated
- High Intensity Indication
- Red, Yellow, Blue, Green, White Indication Colors
- Multiple Lens & Mounting Hole Sizes
- Ruggedized Housing Materials
- Range of Input Voltages
- RoHS Compliant

Selection Guide

Series	Housing	Lens Diameter	LED Color	Operating Requirements
PM5-S	Stainless Steel	10.2mm	Red, Yellow, Green, Blue, White	12V, 110AC
PM5-B	Nickel Plated Brass	5.1mm	Red, Yellow, Green, Blue, White	2.0V, 24V, 3.4V
PM5-A	Black Anodized Aluminum	5.1mm, 7mm, 6.7mm, 10.2mm, 20mm	Red, Yellow, Green, Blue, White	12V, 24V, 110AC
PM5-AP	Black Anodized Aluminum	7mm	Red, Yellow, Green, Blue, White	2V, 3.4V

APPLICATIONS

Industrial Control & Monitoring • Automation Equipment • Metering • Power Supplies • Robotic Equipment • HVAC Control Panels •
