SURFACE MOUNT LED
405 nm, 1206 UV IL PACKAGE

SM1206UV-405-IL
♦ Industry Standard 1206 Package
♦ RoHS Compliant
♦ UV Emitting LED
♦ Water Clear Lens
♦ Narrow Viewing Angle
♦ Ideal for Curing, Detection, and Medical Applications

Bivar's Surface Mount 1206 UV Inner Lens LED is offered in a standard 1206 footprint and is ideal for any UV applications. The water clear inner lens provides a narrow viewing angle and maximum radiation power output. The miniature package provides long life and reliability making it ideal for industrial curing, hazard detection, medical applications such as instrument sterilization, fluorescent counterfeit watermark detection, and forensic applications. Bivar SM1206 UV-IL LED is packaged in standard tape and reels for pick and place assemblies.

Outline Dimensions

Outline Drawings Notes:
1. All dimensions are in inches [millimeters].
2. Standard tolerance: ±0.010" unless otherwise noted.

CAUTION: EMITS ULTRAVIOLET RADIATION!!

- This UV (ultraviolet) LED during operation radiates intense UV light.
- Do not look directly into the UV light during operation of device. This can be harmful to human body especially to the eyes and skin, even for brief period due to the intense UV light.
- If viewing the UV light is necessary, please use UV filtered glasses to avoid damage by the UV light.
- If the UV LED in your product might be viewed directly, please affix a caution label to your product to that effect.
Absolute Maximum Ratings
$T_A = 25^\circ C$ unless otherwise noted
