## Bivar's Design and Expertise Delivers Top Performance

Whether replacing old lighting, upgrading inferior LED lighting or adding LED lighting to a new product or area, Bivar views each customer engagement as a partnership that results in greatly enhanced and energy-efficient applications.

### Which Light is Right?

#### LED Selection

We incorporate leading technology for top performance in styles easily modified to meet the needs of any application.

Linear LED lights are designed to be plug-and-play for use as a single light or on track systems with a range of styles and features for easy selection.

#### Range of Feature Options Include:

- Lumen Output
- Fixture Material
- Wattage
- Area Coverage
- Dimensional Profile
- Cost

## Coastline

### BC5500

#### Configuration

Connect in Daisy Chain  
Single Fixture, Fixed Mount  
Single Fixture, Rotational Mount

#### Fixture

Low Profile Aluminum

#### Features

Secondary Lens

#### Length

12.0 in. (30.48cm)  
24.0 in. (60.96cm)  
36.0 in. (91.44cm)  
48.0 in. (121.92cm)

#### Input Voltage

24VDC

#### LED Color

Cool White 6500K  
Neutral White 4750K  
Warm White 3100K  
Blue 475nm  
Green 528nm  
Red 628nm

### BC5400

#### Configuration

Single Fixture, Rotational Mount

#### Fixture

Low Profile Aluminum

#### Features

Secondary Lens, Built-In on/off/dimmer switch

#### Length

12.0 in. (30.48cm)

#### Input Voltage

24VDC

#### LED Color

Cool White 6500K  
Neutral White 4750K  
Warm White 3100K
